

Max Jack Content Outline

Project Title: The Battle of Isandlwana

I expect this to be around 4 to 5 pages. Depending on the amount of content per page, I may also include the sources page on the home page.

- **Home Page.** This will provide the background and context for the battle.
- **Forces.** This page will display the forces involved, as well as notable individuals and commanders.
- **Prelude.** This will give more details about the lead up to the battle, rather than just broad context.
- **Battle.** This will provide details about the battle itself.
- **Aftermath.** This will provide the legacy of the battle.
- **Sources.**
